

## **FEBRUARY 2022 NEWSLETTER**

Anna Turner from BMBC and representatives of the BGA met with Primary Chairs of Governors in December. The purpose of these meetings was to talk about collaboration, mutual support and the sharing of good practice within primary clusters. This is something that school staff already do, and we wanted to know if the model was a good fit for governors.

Several chairs were enthusiastic and some clusters were already operating a collaborative model. We know how hard it is to get new initiatives up and running, so please do contact us if you think we can help.

We particularly would like to know if you have any training needs, or requests for particular topics at our regular Forum meetings.
